

Introducing...

VAISHALINI

Vaishalini is an American pop-R&B singer, songwriter, and record producer from Phoenix, Arizona. Songs from her debut EP have garnered millions of streams and video views across platforms.

Fans say Vaishalini's genre-defying music "makes you feel like you're in a movie," melding synthwave and modern RnB to create a distinctive, cinematic sound. She draws inspiration from her roots in Indian classical music, as well as a penchant for smooth jazz & Motown-inspired pop.

A lifelong performer (and dancer since age 4), Vaishalini has appeared on stages around the world: from top local venues to global heritage sites. Reach out to mgt@vaishalini.com for more details!

someone finally combined R&B with Alternative
vibes, successfully. Kudos!

no cause wtf. WHY ARE YOU SO UNDERRATED?! Nowadays, I only see a lot of
songs about money, knowing you're the best, and secs (if you know what I mean)
which aren't bad, but I feel are made for social media (mainly tiktok). This is really
relaxing and amazing!!! Your voice is beautiful, and your lyrics are not simple, but
yet they are... So simple yet complex? I don't know how to explain it... I wish you
the best in your career! You deserve at least 750k subscribers, but honestly, I'm
surprised you don't have more. Keep doing what you're doing!!

I saw this on a YouTube ad. Was about to listen to
some RiRi, but the ad drew me in. You truly have a
beautiful voice, and a magical talent for your work. I
only wish you the best, and I know you will one day be
right next to Rihanna one day.

Heard your song as a Youtube Ad... First time I've ever
intentionally listened to an entire one of those. Might
have gotten a crush on your voice. Thank you for
finding a creative way to get your sound out. It
definitely caught my attention.
